A Salute to COVID Warriors of CHILDLINE 1098

Ever since the country has been locked down, our passionate and diligent team members have left no stone unturned to ensure that CHILDLINE 1098 is functioning round the clock. Going against the tide, the CHILDLINE Contact Centre (CCC) members are reporting to work every single day. Despite the fear of being infected, our frontline workers have ensured that the migrant families and the daily wage earners do not sleep empty stomachs. They have risked their lives to conduct endless food distribution drives and COVID-19 awareness sessions in the most remote parts of the country.

CHILDLINE has received tremendous support from the Ministry of Women and Child Development, State Governments, District Administration, Government departments, Police departments, RPF, GRP, Railway administration, allied systems and our NGO partners.

Our words are not enough to thank you all. You all are SUPERHEROES!

CHILDLINE Vellore, Tamil Nadu, distributing basic ration to the needy

CHILDLINE Varanasi, Uttar Pradesh distributing milk powder to women and children

Hand washing activity and community level awareness by DCL Kabirdham, Chhattisgarh

Distributing meals to the local community in Morbi, Gujarat
