## COVID 19 – CHILDLINE 1098 Emergency Response: South Zone

The 21-day lockdown period announced by the government in the wake of COVID -19 pandemic has thrown several new challenges towards CHILDLINE 1098. All the team members, particularly the frontline workers are not only actively involved in ensuring safety and security of children but also spreading awareness about the Corona virus and the importance of social distancing. They are also providing basic necessities, hygiene and precautionary resources to the children and the needy, especially the migrant labourers.

Bengaluru rural CHILDLINE team providing water to women and children in villages

Awareness session on COVID-19 in coordination with DLSA, by Koppol, CHILDLINE, Karnataka

Sharing information about CHILDLINE and COVID-19 in Mandya district, Karnataka

Distribution of masks and food items to children of migrant workers, Srikakulam, Andhra Pradesh

Providing nutrition mix to tribal children in Kodai, Tamil Nadu
