## COVID 19 - CHILDLINE 1098 Emergency Response: West Zone

In the states of Madhya Pradesh and Gujarat, the frontline team members of CHILDLINE 1098 are working round the clock to distribute groceries, spread awareness about COVID-19, teaching children and adults personal hygiene, especially washing hands correctly. Through their awareness programs, they place special emphasis on the importance of social distancing and other precautionary measures using innovative ways like wall painting and enactment.

COVID-19 awareness through wall paintings on houses in Tikamgarh, Madhya Pradesh

Hand washing and personal hygiene session in Kutch, Gujarat

Awareness session on hand washing and distribution of masks and sanitizers, Nagpur, Maharashtra
