ACKNOWLEDGMENTS

The CHILDLINE Annual Report 2018-19 was made possible thanks to the tenacious spirit and hard work of many individuals who have operated behind the scenes. CHILDLINE India Foundation would like to thank everyone who contributed to this endeavour. We acknowledge the vital support we have received from the Union Ministry of Women and Child Development, Government of India and the State Governments. We extend our gratitude to our network of partner organisations, donors, volunteers and the community. To all CHILDLINE staff at the Head Office, Regional Resource Centres, Contact Centres and on the field, we would not be here without you.

Finally, to the children across the country who have placed their trust in CHILDLINE, you have eternal gratitude and support.

CHILDLINE INDIA FOUNDATION (CIF)

Child protection is a key policy concern in India as children, especially those belonging to the weaker sections of society, are vulnerable to exploitation and harassment of various kinds. Child abuse, trafficking, child labour, female foeticide and infanticide, child marriage, undernourishment are amongst the host of issues that affect children. And especially in the cases of children below the age of six, children living on the streets, children who are orphaned, children with physical or mental disabilities, children affected by HIV/AIDS or other long term diseases, children displaced by conflict/civil unrest/natural disasters, the capacity for self-protection risk is limited, putting even more at risk.

CHILDLINE India Foundation (CIF) is a non-profit organisation with a vision to create a child-friendly nation that guarantees the rights and protection of all children. It is the nodal agency of the Union Ministry of Women and Child Development, and acts as the parent organisation for setting up, managing and monitoring the CHILDLINE 1098 service across the country. CIF's responsibilities include monitoring of service delivery and finance, training, research and documentation, creating awareness, advocacy, as well as resource generation for the service.

CHILDLINE

The CHILDLINE 1098 service, developed and managed by CIF, is a 24x7, emergency, free phone outreach service linking children in need of care and protection, to relevant organisations run by government departments and civil society organisations for long-term care, protection and rehabilitation. Any child or adult calling on behalf of a child is assured of assistance from a trained team capacitated to reach the child within an hour of having received a call on 1098.

CHILDLINE is India's first national-level response to the ratification of the United Nations Convention on the Rights of the Child (UNCRC). Additionally, it also receives special mention in the Juvenile Justice (Care and Protection) Act 2000, where the Government has requested that CHILDLINE act as a catalyst in bringing together State agencies and voluntary agencies at the local level to ensure implementation of the Act.

When the Ministry of Women and Child Development (MWCD) came into being in 2006, it recognised CHILDLINE India Foundation as the Nodal Mother NGO for implementing the CHILDLINE model across

all districts in India. In order to put in place a process framework for the implementation of Child Protection, CHILDLINE joined hands with The National Institute of Social Defence and developed a program: 'National Initiative for Child Protection (NICP)'. This subsequently became the framework for the MWCD-initiated Integrated Child Protection Scheme program (ICPS), which funds the expansion of CHILDLINE services. As of March 2019, CHILDLINE has a pan-India presence, operating in 502 cities/districts across 35 states/UTs, and responds to over 89,98,083 calls a year.

OBJECTIVES

- To reach out to every child in need of care and protection by responding to emergencies on 1098 and by physically reaching out to children.
- To adapt and integrate telecommunication technology, linking all districts to the service of 1098, and making it available to all children in need of care and protection.
- To provide a platform of networking amongst organisations and to provide linkages to support systems that facilitates the rehabilitation of children in need of care and protection.
- To work together with the Allied Systems (police, health care, juvenile justice, transport, legal, education, communication, media, political and the community) to create child friendly systems.
- To advocate for services for children that are inaccessible, non-existent or inadequate.
- To create a body of NGOs and Government organisations working within the national framework and policy for children.
- To be a nodal child protection agency in the country, providing child protection services to children in need of care and protection.
- To contribute and work towards strengthening and participating in a global movement that addresses issues related to child protection and ensures that children's voices are heard.

PROGRAMMES AND ACTIVITIES

- Responding to calls on the national toll-free number 1098 and facilitating rescue and emergency outreach services for children in need of care and protection.
- Coordinating rescue and other outreach services with the help of relevant local departments like police,

administration, labour, health, railways and others.

- Ensuring proper documentation of all children rescued to facilitate their rehabilitation and restoration, where necessary.
- Producing children before the Child Welfare Committee (CWC) to ensure care and protection.
- Supporting the CWC in the long-term rehabilitation of children, where required.
- Supporting a national network for the tracking of missing children.
- Providing data related to children rescued and rehabilitated for the compilation of a national comprehensive database of child protection.
- Creating awareness about and ensuring access to the 1098 helpline number.
- Creating research, documentation, awareness and advocacy on issues related to the child helpline.
- Establishing linkages with other child protection services, the community and local bodies to meet the immediate needs of children rescued.

PARTNERSHIP MODEL

CIF believes that for CHILDLINE to be successful and effective in reaching out and responding to the needs of millions of children across India, it is crucial to function in a partnership framework; one that recognises that:

- A helpline cannot operate in isolation
- All service partners share a reciprocal relationship
- Partners have clear and definite roles which lead to a feeling of joint ownership towards the model
- All partners share the vision, mission and the success of the model

CHILDLINE, therefore, is a unique partnership between the Ministry of Women and Child Development, State Governments, Department of Telecommunications, voluntary agencies, academic institutes, the corporate sector, the community and children. It is the crucial link between children in distress and in emergency situations, and a well-connected network of services that are already in place and working towards the care and protection of children. It acts as the single point of contact that facilitates instant access to support, advice, active intervention, and often, even a sympathetic ear.

OPERATIONAL STRUCTURE

CHILDLINE CONTACT CENTRE (CCC)

CHILDLINE Contact Centres (CCC) are 24-hour, voice response facilities of CHILDLINE using

contemporary BPS (Business Processes Services) technology. There are 6 centralised call receiving centres across 5 locations (Mumbai, Delhi, Kolkata, Chennai and Bengaluru), and all CHILDLINE cities/districts are connected to it.

CHILDLINE ADVISORY BOARD/DISTRICT ADVISORY COMMITTEE

The CHILDLINE Advisory Board or District Advisory Board is the principal policy-making body of CHILDLINE. Headed by the District Magistrate and Collector at the city and district levels respectively, it comprises of government officials, NGOs, corporates, and concerned individuals, and reviews the performance of CHILDLINE, sets new directions, recommends strategies for smartening up the service, and opens up mainstream systems for training and advocacy.

NODAL ORGANISATION

Nodal Organisations are usually academic institutes or NGOs which anchor and facilitate the city service structure. They coordinate between 1098 service providers and ensure that service glitches are ironed out. They are charged with the responsibility of networking with and training members of the local allied system, coordinating and calling the CAB meetings.

COLLABORATIVE ORGANISATIONS

Collaborative Organisations or Collab Partners function as the intervention units for CHILDLINE. Once a CCC responds to a call received on 1098, if it is deemed that the case requires emergency intervention, the case is transferred to a Collab Partner, which then sends personnel to the location to carry out the required intervention. Collab Partners also undertake outreach and awareness building.

SUPPORT ORGANISATIONS AND SUB CENTRES

Support Organisations or Sub Centres are typically located in city suburbs or in rural areas respectively, and supplements the work of Collab Partners. Cases from the Collab Partners are referred to the Support Organisations/Sub Centres, for on-ground follow-up. These are usually organisations with substantial community outreach at the grassroots.

RESOURCE ORGANISATIONS

Resource organisations provide specialised services such as counselling, shelter, legal advice, sponsorship, adoption, etc, and extend their services to children referred by CHILDLINE.

ADVOCATING FOR CHILD RIGHTS AND PROTECTION

Advocacy on Child Rights and Protection forms one of the core pillars of CHILDLINE India Foundation's effort towards our vision of child-friendly India. Our advocacy efforts have significantly contributed to CHILDLINE's growth in each district/state across the country. The thrust of our advocacy efforts has been on facilitating the implementation of the Integrated Child Protection Scheme, creating awareness about CHILDLINE, and building capacity among stakeholders on the various legislations that are relevant for child protection such as the Protection of Children from Sexual Offences Act 2012, the Juvenile Justice (Care and Protection of Children) Act 2015, the Prohibition of Child Marriage Act 2006, the Child Labour (Prohibition and Regulation) Act 1986.

Advocacy and networking initiatives are practiced at all levels - right from engaging with local Village Panchayat bodies, to working alongside officials at the State and Central Government level, since recognition from stakeholders across the board allows for easy implementation and adoption of child helpline services.

ACCELERATING EMERGENCY SERVICES AT RAILWAY STATIONS

India's railway network is one of the largest in the world – connecting the country and facilitating the movement of passengers and goods all around the year. It comprises of 121,407 kilometres of tracks over a route of 67,368 kilometres across 7,349 stations. In 2017-18, the network carried 8.26 billion passengers annually or more than 23 million passengers a day!

India is also a home to the largest number of children (39% of the population) in one single country in the entire world. According to the estimates, at least 40% of children in the country live in situations that make them vulnerable to abuse and exploitation. A large segment of this population lives in urban areas. having travelled from small towns and rural areas, in search of livelihood opportunities, to eke out a living, in the hope of a better life or in some cases, even to fulfill their dreams of meeting the film stars they idolise. And many use the railway network to reach these urban centres. They arrive in urban centres, by travelling via trains, either as individual runaway children, or in many cases, in groups via an organised trafficking network. Big railway stations are key transit points in this process. The huge railway network, which is such an important lifeline of the country, is evidently misused severely.

For many of the children who arrive at the urban centres in trains, railway stations serve as the first port of call. These railway stations can therefore become key outreach points for identifying and assisting vulnerable children. CHILDLINE and other civil society organisations who have been working with children in contact along with the railways as well as those in and around railway platforms, have therefore advocated for concerted efforts and focused programmes at important railway stations.

CHILDLINE sought to set up an institutional mechanism to provide a safety net in and around the railway stations, involving the association of multiple stakeholders. The purpose was to rescue children during the transfer process from safety to exploitation, or even wean off a child from living on the street by providing alternative options. The objective was to respond to a child's needs, before it

gets escalated into a situation where the child becomes more vulnerable to exploitation and abuse.

In 2015-16, a partnership between two key ministries and multiple civil society partners with the common agenda to address the vulnerability of children and prevent abuse, saw a unique initiative taking shape. A Standard Operating Procedure (SOP) was formulated in March 2015 and a Memorandum of Understanding (MOU) was signed between the Ministry of Railways and the Ministry of Women and Child Development on 19th May 2015. One of the operative instructions that was a part of the SOPs was that the CHILDLINE Help Desks/Kiosks/ Booths to be set at railway stations as an institutional mechanism. These were to be manned by the CHILDLINE partners that were receiving, rehabilitating and restoring children.

The Childline Help Desks aid in providing immediate attention to children at railway stations who are found unaccompanied by adults, thereby addressing the issue of runaways, missing or abandoned children, and children in other difficult circumstances in a systematic and institutionalised manner. On account of being situated in a prominent area, the help desk not only serves to address the needs of vulnerable children, but also aids in creating large scale awareness about how children at risk could be helped, thereby promoting increased civic participation.

The regular ambit of CHILDLINE services are provided to children who comes in contact with the Railways, based on outreach efforts, calls and cases reported to the 1098 helpline and walk in referrals by concerned adults. Assistance to children includes protection of children from exploitative situations, producing before the Child Welfare Committee (CWC), and subsequent linkages to long rehabilitative services.

As on March 2019, CHILDLINE is operational in xxx railway stations across India and the program will be extended to more railway stations progressively.

TRAINING NEEDS ASSESSMENT

CHILDLINE India Foundation set up the CHILDLINE Knowledge Hub in September 2016, with a need to link information from the ground with its larger overall objectives. It was created to strengthen CHILDLINE's understanding of the existing protection needs of children, build knowledge and skills regarding protocols, laws and legislations being followed during interventions, and integrate the programme with the overall Integrated Child Protection Scheme structure. To achieve this, the Knowledge Hub would initiate and strengthen research, provide policy inputs on experiential learning, and build capacity among personnel engaged in child protection.

Training is a core component of the functions of the CHILDLINE Knowledge Hub. Activities carried out under this component include assessment of training needs, design of curriculum, and carrying out technical and skill-based training programmes for the CIF team, Collab Partner staff, as well as other stakeholders as required.

Considering that training needs differ from region to region, it was important to carry out a Training Needs Assessment (TNA). Using tools such as questionnaires, case scenarios which elucidated barriers and challenges faced by personnel and one-on-one interviews with key stakeholders to gather information, the TNA helped in preparing the training plan and developing the Train-the-Trainer manuals. As a result, CIF was able to identify gaps between existing and required levels of skills, knowledge and attitudes among CHILDLINE and Collab Partner personnel, identify what the training programmes should cover, and also ensure that appropriate and relevant training was being delivered.

EAST

The CHILDLINE India Foundation East Zone team conducted a workshop on Training Needs Assessment, which was organised with support from the Ministry of Women and Child Development (MWCD) and UNICEF. The programme was inaugurated by Dr. Shashi Panja - Hon'ble Minister, Department of Women and Child Development and Social Welfare, Government of West Bengal. OPEN HOUSE

THE VOICE OF INDIA'S CHILDREN

Children's participation is interwoven into all aspects of CHILDLINE's functioning. CHILDLINE provides a platform for children to express their opinions, give feedback on its services, and also identify solutions to the problems through monthly Open Houses. As the name suggests, the Open House is an open forum for children associated with CHILDLINE to address conflicts, assess, review and evaluate the service. It provides children an opportunity to be heard, seek support from the allied systems, and also identify solutions to problems in tandem with the CHILDLINE team. Open houses are held periodically on a monthly basis on a fixed day at a pre-decided venue such as a park or playground. In large cities, there could be several meetings happening at different locations simultaneously - the objective is to ensure that the meetings are accessible to the children concerned. Children are given the opportunity to question local functionaries on issues ranging from non-functioning of government schools and corporal punishment to forced labour and issued with authorities. People's representatives, police officers, teachers, NGOs, government officials, youth clubs and other functionaries working in the field of child protection are invited to such meets for children to have a candid interaction with them.

OPEN HOUSE ACTIVITIES CONDUCTED IN 2018-19

Delhi

The CHILDLINE Delhi team conducted an Open House at Hauz Khas Village with children from the community in which the local pradhan was also invited. Children had a healthy discussion around issues of substance abuse, child labour and school dropouts and were given assurance that they would receive help from CHILDLINE and the police department.

Karnataka

in Karnataka, the CHILDLINE team conducted 324 Open House programmes in 28 districts, which saw participation from 49,173 children. These Open Houses were useful in collecting feedback from the children and in addressing their local issues. Major outcomes of the Open Houses include:

- Increase in number of cases being reported
- Improved support during the case interventions

- More people came forward to help the children by extended support for education, medical help etc.
- Infrastructure, basic facilities were provided to children.
- Letters were issued to respective department to resolve issues.

Gujarat

Children in Gujarat contributed to resolving several issues being faced by the community through active participation in the Open Houses. In Bhimraonagar, Bhuj, Kutch, children flagged that water logging on the road, affected their commute to school and in turn their attendance. After the matter was escalated to the Nagar Nigam, the road was repaired. In Rahimnagar, Bhuj, Kutch, children raised the issue of the open gutter. The issue was taken up with the Nagar Nigam, after which an underground drainage pipeline was installed. In Khedutvas, an issue arose where children were constantly hit by roaming cows

and buffalos. The Nagar Nigam rescued the animals and shifted them to a Goshala. In the same area, children also brought up the issue of irregular collection of garbage; the issue was resolved within a fortnight, with garbage collection becoming regular.

Gonda

The CHILDLINE Gonda team conducted an Open House session on the occasion of Basant Panchami at a school in Motiganj, Gonda in association with the Anti-Human Trafficking Unit (AHTU) and the Police Station, Motiganj.

Students and villagers participated in large numbers and raised several questions during the session. The CHILDLINE team also told the audience about the 1098 services and also explained about the roles and responsibilities of the AHTU in addressing cases of human trafficking.

Open House Conducted in a school, Gonda

Maharashtra

Children from Pune city raised the issue of liquor shops in their areas. The spoke about its effects on the finances of their families, and how women and children were subject to violence and abuse as a result.

The CHILDLINE team subsequently organised a rally

with the children in February 2019, and liquor shops in some of the areas have been sealed now.

ANALYSIS OF CALLS

The CHILDLINE 1098 service is available to children in 502 cities/districts across 35 States/UTs in India, through a well-integrated network of 925 partner organisations (as on March 31st 2019). In addition to being the first responders to children in need of care and protection and offering comfort to those in distress, it also plays a critical role in shaping and implementing the existing national child protection mechanisms.

CHILDLINE CONTACT CENTRE (CCC)

The CHILDLINE 1098 service is a 24-hour free, emergency, phone-outreach service for children in need of care and protection. The voice of every distressed child reaches us through the CHILDLINE Contact Centres (CCC). The CHILDLINE service needs to reach every corner of the country to ensure that every distressed child's cry for help can be heard and responded to. It is with this aim that contemporary technology and systems are used at the CCCs to which calls are directed. There are at present 6 call receiving centres across 5 locations (Mumbai, Delhi, Kolkata, Chennai and Bengaluru), and all CHILDLINE cities/districts are connected to it. The CCCs answer calls round-the-clock, at the national level, ensures that every child who calls 1098, is provided help through partners at the local level. CCC is staffed by CIF staff and the technology/infrastructure is outsourced to TCS using cloud-based connectivity.

HOW CCC FUNCTIONS

Once a call is received at CCC on 1098, it is answered by a trained CHILDLINE Contact Officer (CCO). If the call resolution can be completed on the phone it becomes a CCC operation. However, for calls requiring Direct Intervention, the CCO lists the details and makes an outbound call to the Collab Partners (the CHILDLINE Interventions unit) in the city where the call has come from. Then the Collab partner then takes over and indicates to the CCC an estimated time of intervention and post the intervention, reports the complete case details to the CCC. This enables the CCC to complete the case documentation. Sometimes the caller speaks in a local dialect. In such cases, the CCC facilitates a conference call with the local Collab Partner.

EXPANSION MODEL

- Remote-located primary data centre in Mumbai and disaster backup secondary data centre in Chennai.
- Data centre to host CRM software server, call recording server, Genesys platform server, Data backup server.
- These are connected via MPLS (Multi Protocol Label Switching) Cloud to each CCC location.
- CCC locations at TCS facility in each city are linked to data centers via MPLS cloud-based connectivity.
- Vendors include: Tata Consultancy Services (TCS) for hosted solution model (data centers and MPLS connectivity) and for CCC facility in each city and Talisma for CRM software.

RESPONDING TO CHILDREN IN DISTRESS

CHILDLINE works as a phone outreach-based intervention model for the care and protection of children across India. It believes that every call received on the 1098 number is a cry for help, and that's where the CHILDLINE's work begins. If a specific case calls for direct intervention, local CHILDLINE teams who are alerted, rush immediately to the spot to locate the child. Interventions carried out cover a wide spectrum of activities, ranging from rescuing a victim of abuse and offering SOS support to filing a case with the local police, taking up the matter with the concerned Child Welfare Committee (CWC), steering the case across the subsequent steps as directed by the CWC, and thereon following up to make sure that the child is in safe hands, as per protocol. The CHILDLINE operational module involves interactions and linkages with allied systems such as the Police, Municipality, Healthcare, Education and Transport Institutions along with the Judiciary, Child Care NGO's, Local, and State and Central Governments. No two cases are alike. While some are easily and speedily resolved, others may require follow up for weeks, even months! In 2018-2019, CHILDLINE received almost 90 lakh calls from worried parents, sensitive adults, the community, well-wishers and distraught children. We have documented interventions that have followed some of the calls to showcase the work done by the CHILDLINE team in responding to children in distress. Do note that personal details have been changed to maintain confidentiality.

CHILD TRAFFICKING

Children are vulnerable to being lured to the city with false promises, only to find themselves being trapped as cheap labour in hazardous conditions. The CHILDLINE team in Satna received a call from a worried father, who had found out that his 17-year-old son, Sharat, had been taken to Delhi by an adult from his village. He added that the boy had been brainwashed and tempted by false promises, and had already left the village by train. By the time CHILDLINE received the call, Sharat had already reached Prayagraj after boarding the Rewa to Anand Vihar train. CHILDLINE Satna team informed the local police and the Railway Protection Force, as well as the CHILDLINE teams in Gurugram and Fatehpur, who were able to rescue him in time. The CHILDLINE Satna team updated his parents and counselled them as well. Sharat was taken back to Satna and produced before the CWC, and after all due procedures were completed, he was reunited with his family the very same day. On account of receiving timely help, Sharat was saved from the trap of child labour. Following his harrowing experience, Sharat stated that he would like to complete his education and live with his parents.

ABDUCTION

The Railway CHILDLINE team found a girl child in the company of a drunken man. When the man was

questioned, he claimed to be the girl's father, but could not produce any proof to establish the same. When the team spoke to the child, she told them that they had come from Kota, Rajasthan and that the man was not her father. The team separated the child from the man and the SM, GRP, RPF, and CWC were notified. As per the CWC's order, the girl was placed in a Child Care Institution in Bhopal. On investigating further, it was found that the girl's parents resided in Madgaon, Goa, and that she had been missing for 9 months. The CHILDLINE team informed the city-in-charge, and also asked the CHILDLINE Goa team to verify the information. They found that a missing persons report had been filed with the RPF. An FIR under Section 363 was then filed against the kidnapper. Once the girl's parents were located, it was found that they were without work and used to beg for a living. They were summoned to the CWC, Bhopal. After verifying documents that established proof of relationship with the girl, the child was reunited with her parents.

MISSING CHILD/ LOST CHILD

The police found a young boy who seemed lost in Unchehara. He was taken to the District CHILDLINE team at Satna, which produced him before the CWC. The terrified boy refused to reveal any details expect for his name, which was Sundar. The CHILDLINE also took him for a physical and psychological check-up to ensure he was fine. Meanwhile, the team also took out an advertisement in a local newspaper, to no avail. After repeated sessions of counselling over a few days, the child started opening up and said he was 12 years old and had come for the 'mela'. The CHILDLINE team wondered if the mela that the boy referred could mean the Durga Pooja celebrations which were in process at Maihar. When they called the Maihar police station, they found that a couple had filed a missing persons complaint there, and that the child was no one other than Sundar. The Meihar police accompanied the couple to Satna, and at the behest of the CWC, Sundar was happily reunited with his parents.

RESTORATION

In 2007, 6-year-old Viraj left his home in Delhi. A stranger found Viraj at a railway station in Kolkata and handed him over to the CHILDLINE team. Since Viraj did not divulge any details about his background, he was put in a Child Care Institution in Kolkata on the order of the Child Welfare Committee, where he subsequently stayed for 11 years. Some time in 2018, Viraj finally opened up about his family, and said that he had ran away from home. His father,

a painter, used to drink and beat up him and his mother. Unable to bear it any longer, Viraj had left home. Armed with new information, the CHILDLINE team set about tracing his family once again. Viraj recollected that his family used to live in Kishangarh, which was situated near Vasant Kunj, Delhi. The team in Delhi did a spot visit with an old picture of Viraj, to no avail; nobody recognised him. The Delhi team then asked Viraj if he could recall his address. Viraj stated that while he did not know his complete address, he would be able to identify his house if he could be granted permission to visit Delhi. CHILDLINE Kolkata team then brought him to Delhi, following which he set about locating his house with the Delhi team. After walking around for almost 2 hours, he was able to recollect a specific street and house. The team asked members of the community if they knew about who lived in the house, and a woman came forward and informed that a man named Raju used to live there about 8 years ago, but had moved since then. However, a relative of his still stays in the locality. Accompanied by Viraj, the team visited the relative's home, who turned out to be none other than Viraj's grandmother, Urmila, and both parties recognised each other. While Urmila had lost touch with Viraj's parents, she said she could enquire about them with her son, who in turn shared the contact details for Viraj's father. Viraj was once again produced before the CWC with all this information. The CWC directed that Viraj be temporarily placed at the Children's Home for Boys till someone from his family could receive him. In 2 days, the CHILDLINE team in Delhi received a call from Viraj's mother and she stated that she had filed a missing personal complaint with the police, but had lost all the documents. The CHILDLINE Delhi team helped her to get copies of the old documents, and once the same was verified, Viraj was handed over to his parents. The CWC also directed that Viraj be produced periodically before the District Child Protection Unit for follow-ups. It has been extremely heartwarming to see a child reconcile with his family after 11 years. Both Viraj and his parents expressed their gratitude, especially to the Delhi team for tracing the documents, that were critical in reuniting him with his family. Viraj now stays with his parents in Gurgaon, Haryana.

RUNAWAY CHILD

The railway staff found Priya crying in the waiting area. She was hungry so she requested a nearby shopkeeper to give her something to eat. The shopkeeper immediately informed the CHILDLINE team about her. CHILDLINE team brought her to

CHILDLINE Help Desk and inquired the reason behind coming to Mumbai. She said that she came from Pune to meet her uncle, who stays in Navi Mumbai.

During the interaction, she gave details about her parents and brother and how they used to beat her often. During the counselling process she revealed that, because of her illness

Post Commencement Stress Disorder (PCSD), she was unable to do anything properly. Due to this problem, she used to feel depressed and started suffering from hallucinations. For the medical check-up and process, she wanted ladies police staff around her, otherwise she was reluctant to complete the check-up. When her uncle came to CHD she became normal and went to the CWC.

The parents were contacted over phone by the CHILDLINE team and her mother shared that she is suffering from Obsessive Compulsive Disorder (OCD) and schizophrenia.

Counsellor counselled Priya and spoke with her parents over the phone. Later her parents called her uncle to accompany her in CHD till they take her custody. She was taken for general medical check-up. After that she was presented to CWC, which recommended her to go back with her uncle. Her parents arrived at night and she was handed over to her parents.

CHILD ABUSE

Pooja lived with her parents and three brothers. She was only 14 years old when her father died, following which her mother became mentally ill, and incapable of looking after the children. Abandoned, the children took to sleeping on the streets. During this period, Pooja was abused by several people who gave her money in return.

A volunteer from Manav Adhikar Pasasanik Sansthan noticed Pooja and approached the CHILDLINE Satna team through the Kotwali Police Station. Team members immediately reached the location, and rescued her. After completing the medical check-up, she was produced before the CWC who directed that she be sent to One Staff Centre for counselling. During the sessions, Pooja realised that she could have a better life and expressed an interest in being guided. She also understood that what she had done in the past was not her fault, and that she was forced to act so by her circumstances at the time. Pooja was then sent to Little Star Foundation, Katni, but the institution was not able to manage her depressive state. They recommended that she be sent for

psychiatric treatment. She was then sent to Yug Purush Dham Advaitashram, Indore where she was declared normal in the preliminary counselling sessions itself. A psychiatric check up at the One Staff Centre showed normal results. She was finally placed in Ladli Basera Ghar in Jabalpore, and seemed to fit in. Pooja has now regained her childhood. She is studying and learning to paint and dance. During the follow-up calls, she expressed her gratitude to the CHILDLINE Satna team for the timely intervention that allowed to live happily once again.

CHILD ABUSE

The CHILDLINE Dewas team received an anonymous call about a man who was abusing his 9-year-old daughter. A team that included the District Child Protection Officer, members from CHILDLINE and police staff, visited the victim's house. The girl said her name was Ruhi, and that her mother suffered from tuberculosis. She also said that her father had been abusing her for the last one month.

The CHILDLINE took Ruhi under their wing and also registered an FIR against her father who was arrested by the police. Ruhi underwent a medical check-up following which she was presented before the CWC. The CEC ordered that the Special Juvenile Police Unit and CHILDLINE enroll the child in a government school. Tragedy struck a few days later when the girl's mother passed away from her illness. With the CWC's permission, she attended her mother's funeral. The CWC then ordered that Ruhi be placed in the custody of her grandmother.

CHILD ABUSE

Sapna, an 8-year-old girl, resided with her parents and 4-year-old brother in Pilanji. She was being abused by her maternal grandfather, who resided in the same building as her family. He would call her to his house, and touch her inappropriately. She did not tell anybody about what was happening since she was scared. It also started affecting her and she became withdrawn and stopped playing with the other kids in her locality. Even at school, she could not focus and often complained about headaches. parents, being uneducated, could not understand what she was going through. One day, the CHILDLINE team, organised a talk on 'Good Touch, Bad Touch' in Sapna's school. It was only after this that Sapna understood what her grandfather had been doing was wrong. She confided in a teacher who in turn informed her parents, the police and the CHILDLINE team. While Sapna's mother initially refused to believe that a

relative could have done so, once Sapna herself had a chance to talk to her mother, she was ready to file an FIR. A case was registered under the POCSO Act, and the child's statement was recorded, following which the abuser was arrested.

DRUG ABUSE

In April 2018, during an outreach programme, the CHILDLINE Delhi team spotted a boy roaming around the Shahdra railway station, picking up rags. During the interaction with him, the child, Somu, reported that he picked up rags at the station, to earn money to purchase and consume drugs. He also shared that he had been doing drugs, mostly solvents and inhalants, for 2-3 years. Somu was brought to the CHILDLINE Help Desk where a counsellor interacted with him to identify his issues and understand why he resorted to abusing substances. Somu also shared details about his residence, parents, education, and contacts. When Somu was produced in front of the CWC, he was directed to a drug de-addiction cum rehabilitation centre in Delhi. A Social Investigation Report (SIR) was conducted at his home by the CHILDLINE team to verify the information shared by him and also counsel his family on how they could be involved in Somu's treatment and subsequent rehabilitation.

MEDICAL AID

During an outreach programme in a slum called Ramdev Nagar, the CHILDLINE team met a woman who complained that her 3-year-old son Avinash had trouble passing urine. While the doctor had advised that he undergo a urinary bladder operation, the family could not afford it. The CHILDLINE team visited the family, and found that Avinash's father was a daily wage worker and the family could not afford the operation. The team then asked the family to bring Avinash to the hospital with all the medical records. The CHILDLINE team got the case paper made and the child was examined at the OPD department. The doctor who examined Avinash said that he required the surgery, but the operation could not happen immediately since the child had a cold and cough. He gave them medicines for the cold and cough, and asked them to return in 30 days. In order to enable Avinash to receive treatment, the CHILDLINE team helped in getting a Sandharbh Card made at the hospital. A month later, Avinash was again taken to the hospital and successfully operated on. He is now in good health.

CAMPAIGNS

2018-2019 was a great year for CHILDLINE India Foundation with respect to its communication efforts. It made progress in reaching out to a range of stakeholders, thanks to the 'innovation' lens that was applied across all its communication tools, publications, issue-based projects, media associations, corporate tie-ups, and more.

Engaging awareness campaigns and events were carried out across regional and national levels. Additionally, constant updates on social networking sites and interactions with an ever-growing database, allowed for CIF to reach out and engage with an ever-widening audience.

CHILDLINE SE DOSTI (CSD)

CHILDLINE India Foundation (CIF) constantly focuses on strengthening and systematising child protection in India through its efforts. These efforts are carried out collectively and in collaboration with the Government of India, State Government and Civil Society Organisations in order to make children's issues a priority on the national agenda. In addition, CHILDLINE discusses and dialogues with its partner network through various meets which result in universal programs and protocols to build an effective child protection practice.

CHILDLINE Se Dosti is a nationwide awareness campaign that aims to make ordinary citizens key stakeholders in the child protection process. Its origin can be traced to 2007, when Government of India gave CHILDLINE the mandate to create a path-breaking awareness campaign that would highlight the significance of child protection. Celebrated every year, from November 14th to 20th, CHILDLINE Se Dosti looks to engage with the community by sharing information on child protection and incumbent issues, in the hope of encouraging them to become proactive and take the necessary action in reducing the vulnerability of children at risk.

The week-long countrywide celebrations have grown into ever expanding ripples, with newer centers taking up the campaign in varied and increasingly interesting ways. With each year, we are moving forward to acquainting more and more people and communities with the concepts of Child Rights and Child Protection, encouraging and inspiring them to take a more proactive role in their immediate environment to help children in need.

This year, CHILDLINE teams across India, visited police stations, government offices, educational institutions, hospitals and transport centers such as railway stations, bus stands and even ventured into slum community pockets with street plays, awareness meetings and public rallies, cultural, entertainment and sports programmes and much more. Here are some of the highlights from CHILDLINE Se Dosti Week 2018.

HAUSLA 2018

The Ministry of Women and Child Development (MWCD), Government of India in association with CHILDLINE India Foundation, NIPCCD and CARA hosted a four-day celebration named Hausla 2018 from November 26th to 29th for children residing in Child Care Institutions (CCIs) across the country. The event aimed at giving the children a national platform to showcase their creative and sporting talents. The celebration featured cultural performance and

competitions across different activities such as debate, painting, sports, athletics and more, and saw more than 700 children from CCIs across the country participating.

The event was inaugurated by Hon'ble Secretary Shri Rakesh Srivastava, MWCD on November 26th, and kicked off with the painting, debate and chess competitions, where children participated with much zeal and enthusiasm. On the second day, an event called Abhivyakti (free expression), was organised on the theme for safe spaces for children in their families, schools, CCIs and public spaces. Children were split into state-specific teams and assigned topics. The event allowed for children to explore their creative side, and saw them using creative forms of expression, such as poetry, spoken word, art, music and dance to explore and express their thoughts and feelings on the topics.

A happy childhood is synonymous with the right to play. Sports activities not only serve to showcase physical ability in children, but also allow them to challenge themselves, and learn to accept defeat with grace. In light of this, the last 2 days were for the most part dedicated to athletic competitions. Smt

Maneka Sanjay Gandhi, Union Minister for Ministry of Women and Child Development flagged off the Hausla 2018 Sports Meet at Jawaharlal Nehru Stadium in the presence of Ms. Mary Kom, Indian Olympic Boxer and Member of Parliament. Various competitions such as 100 metre race, 100 x 4-meter relay race, long jump, high jump and football matches were organised for both boys and girls from the CCIs. CIF also organised a birthday party for the

children residing in CCIs at the NIPCCD premises on the evening of November 28th, which included a cake-cutting ceremony with fun games and activities.

Hausla 2018 culminated at the closing ceremony on November 29th at the Sri Fort Auditorium. Justice Deepak Gupta, Hon'ble Judge, Supreme Court of India and Ms. Kalpana Saroj, Padma Shri Awardee and entrepreneur were the Chief Guests for the ceremony. Children from different CCIs organised a cultural programme which was appreciated by all. Winners of the competitions and sports activities that had been conducted across the 4-day event won prizes for their achievements. Addressing the gathering, Justice Deepak Gupta said that the children should fear nothing, and believe in

themselves and their abilities. He also suggested that Hausla be organised at the regional levels in the coming years. Delivering an inspirational address, the Guest of Honour, Ms. Kalpana Saroj shared her personal story of 'achievement against all odds', leaving the children motivated and extended an affectionate standing ovation.

SWACHH BHARAT ABHIYAN

The CHILDLINE Sheopur team conducted an awareness programme for people and children of the city about Swachh Bharat Abhiyaan. The team made the people understand that to maintain children's health and prevent illness in them, it is necessary to

maintain cleanliness around the village, street, colony, school and home. The importance of using toilets at home, basic cleanliness of body, throwing of garbage in dustbins were also discussed in this awareness campaign.

TATA MUMBAI MARATHON

CHILDLINE India Foundation participated in the 15th edition of TATA Mumbai Marathon (TMM). The TMM 2019 witnessed about 44,000 runners from different walks of life participating under various race categories. Along with this remarkable feat, the occasion also saw 169 corporates extending their support to 550 voluntary organizations.

It was a momentous day as CIF garnered the support of some major corporates and donors. A bevy of energetic corporate teams from Tata AIG General Insurance Co. Ltd., Sanofi India Limited, SBI General Insurance Company Limited, Universal Medicare Pvt. Ltd., Tata Motors Insurance Broking & Advisory Services Ltd., and Prabhudas Lilladher Pvt. Ltd., ran the race for CHILDLINE India Foundation this year under the corporate challenge category.

The support from the Individual Fundraisers was equally tremendous as they completed their marathon with great passion. Among them were Mr. Rajat Gupta (Director, Mckinsey & Company), Mr. Gurpreet Singh, Dr. Mathew T.J and Mr. Sushan Kumar, all of whom have been CHILDLINE's staunch supporters year after year.

CHILDLINE applauds all its supporters-Corporates and Individuals, who came out in large numbers and created an enthralling display of excitement and social commitment. We thank our Change Runners, Dream Runners as well as our Corporate Challengers who flocked the race venue and joined CHILDLINE to help further the cause of child protection.

CHILD VULNERABILITY MAP

CHILDLINE India Foundation prepared the 'Child Vulnerability Map' - a district-wise map depicting problems faced by children across the country that was released by the Ministry of Women and Child Development on January 24, 2018 as a part of the National Plan of Action for Children.

The 'Child Vulnerability Map' covers 409 of total 678 districts in the country. It highlights vulnerabilities like child marriage, child trafficking, missing and runaway children, child labour, children affected by civil

unrest, child abuse, dropouts and low literacy rate, malnutrition, foeticide, and HIV affected children.

Odisha, West Bengal, Bihar, Jharkhand and Maharashtra have been highlighted on the map as child trafficking-prone states, while Maharashtra, Madhya Pradesh, Uttar Pradesh and Chhattisgarh as worst affected by malnutrition. North-eastern states including Arunachal Pradesh, Assam, Manipur, Nagaland and Mizoram have fared poorly in tackling child malnutrition.

RESOURCE MOBILISATION

- 1. CSR and Mumbai Marathon: SBI Capital, Reliance Foundation and United Way Mumbai provided us funds as part of their CSR. CIF used the Tata Mumbai Marathon 2019 platform to raise awareness as well as funds. Tata AIG General Insurance, Sanofi India Ltd, Universal Medicare Pvt Ltd, SBI General Insurance, Tata Motors Insurance Brokings and Advisories Pvt Ltd supported us with corporate teams. There were individual runners and fund raisers who supported CHILDLINE through this platform by creating fund raising pages for CIF.
- 2. Support from Azim Premji Philanthropic Initiatives (APPI): In addition to the provision of Rs 30 crore pledged over six years for the Program for Children in Contact with Railway Stations (PCCRS), APPI is also supporting CIF in strengthening its Resource Mobilisation and Organisational Development programs with an additional funding support of Rs 21.8 crore over the next five years.
- 3. School Programmes: CIF has connected with 250 schools in about 20 cities in order to introduce the services of CHILDLINE. We have also interacted with over 50,000 children raising awareness about various child protection issues and the 1098 services. Workshops on dealing with child abuse, adolescence issues, stress, health and hygiene have also been organised.
- 4. Capacity Building of Resource Mobilisation Team: With the help of management consulting agency SATTVA, a strategic plan has been developed for Resource Mobilization and APPI is providing financial support to roll out this plan. As part of the plan, various fund raising channels are being created and staffed. The following fundraising verticals/channels will be created in order to streamline fundraising department to attain self-sustainability: Corporate CSR, HNIs, Institutions, Online, Individual Giving.
- 5. The Head Resource Mobilisation has been recruited and the recruitment of the rest of the team is in progress.
- 6. The Ministry of Women and Child Development has provided funds of Rs. 1.8 Crores to implement Swachhta Action Plan Campaign as part of the Swachha Bharat Abhiyan.

PROGRAMME FOR CHILDREN IN CONTACT WITH RAILWAY STATIONS

Supported by Azim Premji Philanthropic Initiatives (APPI)

In January 2016, Azim Premji Philanthropic Initiatives (APPI) expressed its interest in supporting CHILDLINE India Foundation. The scope of support ranged from prevention to long term rehabilitation services for the most vulnerable children who are reaching railway stations and for the strengthening of CHILDLINE India Foundation. APPI committed to supporting the activities across 20 Railway Stations across India, out of which 7 have been already supported in a phased manner.

In 2017, the support was first extended to Howrah and Chennai Stations, where CHILD HELP DISK operations were initiated. This was followed by 4 other stations including Old Delhi, Patna, Bengaluru, and CSMT. The following activities rolled out in association with the 6 Station Level Partners has been key in facilitating the support for rescuing children this year.

- Satellite Unit operations at adjourning stations by 3-member team.
- Sensitising and training RPF/GRPF officials.
- Sensitising and training of railway commercial staff.
- Conducting special events, including CHILDLINE Se Dosti for various station level stakeholders.
- Conducting regular Child Help Group meetings with senior railway officials.
- Creating awareness on Child Safety Net with commuters, etc.
- Conducting Children Day Activities and other events.

This programme specifically caters to children who need temporary shelter through its State of Art, Open Shelter Homes situated nearby the railway stations. Extending support for substance abuse and de-addiction services to children in need, has also helped in reinstating them back in the society. During the year 2018-2019, the PCCRS (Programme for Children in Contact with Railway Stations) team managed to reach about 6, 328 children in need of care and protection.

The following graph gives clear depiction of progress of the PCCRS in 2018-2019.

Significant Accounting Policies

- a) The financial statements have been prepared in accordance with the historical cost convention in accordance with the generally accepted accounting principles in India and the applicable Accounting Standards issued by the Institute of Chartered Accountants of India.
 - All Income and Expenditure items in the financial statement are recognised on accrual basis except of grant & donation.
- b) Fixed assets are stated at cost less accumulated depreciation. Cost includes all expenses relating to acquisition and installation of these assets. Fixed assets acquired out of the amounts received from donors towards specific projects are charged to the relevant project and accounted in the Fixed Assets schedule at a nominal value of Re.1 with a corresponding entry in sundry receipts of the same amount. Assets received free (as donations) are carried at nominal value.
- c) Depreciation is charged as per the method and rate as per the Income Tax Act, 1961. Depreciation on fixed assets has been charged to the Income and Expenditure Account
- d) Assest purchased below Rupees Ten Thousand are expensed out during the year.
- d) Donations received for restricted revenue funds are taken to the 'Funds and Liabilities' in the Balance Sheet. Expenses incurred are disclosed under the head "Expenses on the Objects of the Trust" with an equivalent amount disclosed under the head "Transfer from Earmarked Funds" in the Income and Expenditure Account. Amount received towards purchase of Fixed Assets, are shown under 'Earmarked Funds' and expenditure incurred, if any, will be debited to such earmarked fund.

Schedule 'K'

Notes To Accounts

- a) Block Grant received from the Government of India and recorded as liability at the time of receipt, is disbursed to Partner Organisations on the basis of signed agreements between Childline India Foundation and Partner Organisations.
 - The liability is reduced by disbursements made/payable to Partner Organisations. The expenditures of Partner Organisations are certified by professional accountants. The Management of CHILDLINE India Foundation relies on these utilization certificates which form the basis of accounting.
- b) Fees payable to Charity Commissioner amounting to Rs.63,51,582/- for the years ended 31st March 2009 to 2018 has not been paid, as the authorities under instructions of the Bombay High Court are not collecting the fees.
- c) With effect from 1st August 2012, the Governing Board of the foundation has established a Staff Welfare Fund for the benefit of employees with an initial contribution of Rs.25 Lacs by transferring the said amount from the Income & Expenditure Account.
 - Going forward, as per the decision of the governing board, 10% of the annual surplus would be transferred to the Staff Welfare Fund, subject to a maximum annual contribution of Rs.10 Lacs.
- d) Previous year figures are regrouped wherever necessary to conform to this year's classification.

Schedules forming part of Accounts as at March 31, 2019 Significant Accounting Policies

SCHEDULE 'J'

- a) The financial statements have been prepared in accordance with the historical cost convention in accordance with the generally accepted accounting principles in India and the applicable Accounting Standards issued by the Institute of Chartered Accountants of India
 - All Income and Expenditure items in the financial statement are recognised on accrual basis except of grant & donation.
- b) Fixed assets are stated at cost less accumulated depreciation. Cost includes all expenses relating to acquisition and installation of these assets. Fixed assets acquired out of the amounts received from donors towards specific projects are charged to the relevant project and accounted in the Fixed Assets schedule at a nominal value of Re.1 with a corresponding entry in sundry receipts of the same amount. Assets received free (as donations) are carried at nominal value.
- c) Depreciation is charged as per the method and rate as per the Income Tax Act, 1961. Depreciation on fixed assets has been charged to the Income and Expenditure Account
- d) Assest purchased below Rupees Ten Thousand are expensed out during the year.
- e) Donations received for restricted revenue funds are taken to the 'Funds and Liabilities' in the Balance Sheet. Expenses incurred are disclosed under the head "Expenses on the Objects of the Trust" with an equivalent amount disclosed under the head "Transfer from Earmarked Funds" in the Income and Expenditure Account. Amount received towards purchase of Fixed Assets, are shown under 'Earmarked Funds' and expenditure incurred, if any, will be debited to such earmarked fund.

Notes to Accounts SCHEDULE 'H'

- a) Block Grant received from the Government of India and recorded as liability at the time of receipt, is disbursed to Partner Organisations on the basis of signed agreements between CHILDLINE India Foundation and Partner Organisations.
 - The liability is reduced by disbursements made/payable to Partner Organisations. The expenditures of Partner Organisations are certified by professional accountants. The Management of Childline India Foundation relies on these utilization certificates which form the basis of accounting.
- b) Fees payable to Charity Commissioner amounting to Rs.81,09,083/- for the years ended 31st March 2009 to 2019 has not been paid, as the authorities under instructions of the Bombay High Court are not collecting the fees.
- c) With effect from 1st August 2012, the Governing Board of the foundation has established a Staff Welfare Fund for the benefit of employees with an initial contribution of Rs.25 Lacs by transferring the said amount from the Income & Expenditure Account.
 - Going forward, as per the decision of the governing board, 10% of the annual surplus would be transferred to the Staff Welfare Fund, subject to a maximum annual contribution of Rs.10 Lacs.
- d) Previous year figures are regrouped wherever necessary to conform to this year's classification.
