

# SETTING A BEAUTIFUL PATH FOR OUR CHILDREN!

### About CHILDLINE

A beacon of hope for children in distress, the CHILDLINE India Foundation is the nodal agency of the Ministry of Women and Child Development, which acts as the parent organisation for setting up, managing and monitoring the CHILDLINE 1098 service all over the country. CHILDLINE 1098 works 24 hours a day, 365 days a year for children in need. CHILDLINE is committed to protecting Child Rights, and covers everything including Child Labour, abuse/violence, sexual abuse, Child Trafficking, missing children, runaways, child health, addiction, education, Child Marriage & homelessness. We are present in 598 districts, 141 railway stations, and 5 bus terminuses in India. Our network has grown thanks to programmes like the CHILDLINE Se Dosti week, where we make new friends among stakeholders to strengthen our stand against child abuse.

### Protecting Children In Distress & Overcoming The Odds

It was renowned author Doe Zantamata who said: "Don't let the fear of what could happen, let nothing happen", and that is just what we at CHILDLINE did through 2020. We did not let Covid-19 stop us, and we were just as active as we were in the previous year. We adapted our activities, maintained social distancing, wore masks, sanitized our hands frequently, and met team members and officials over zoom calls. Throughout the lockdown, the total number of calls we answered were over 44 lakhs, while the total number of interventions were more than 3 lakhs.

CHILDLINE Se Dosti 2020 was a week-long national campaign with an aim to create a million dosts for CHILDLINE and to acquaint people with CHILDLINE 1098 services. The initiative focused on sensitizing people from all sections of the society by initiating a plan of action which propels them towards a much-needed change in thoughts and deeds for the sake of child safety.

The 'CHILDLINE Se Dosti' 2020 celebrations covered a wide range of activities, from tying Dosti bands to stakeholders, creating awareness on nutrition and Covid-19, PPE kit distribution, digital art competitions, sports events, bike rallies, oath taking ceremonies, signature campaigns, etc. The implementation of CHILDLINE Se Dosti week focused on protecting children from various anti-social elements by building a support system by way of befriending stakeholders, and involving them in the process of child protection and safety.

We conducted rallies and spread awareness, going even to the extent of making a film in some areas to communicate our stand on Child Rights and child protection, so as to ensure safer neighbourhoods for all children.

Happy reading.

Until next time!

## Why CHILDLINE Se Dosti!

It was Archimedes who said “Give me a lever long enough and a fulcrum on which to place it, and I shall move the world”. This was precisely the task we had at hand when CHILDLINE started as a pilot project in Mumbai in 1996. Today, thanks to our partners and stakeholders we are operational in 598 districts, 35 states and UTs across India.

Our partners are the lever by which we move the most massive tasks, thanks to our stakeholders in the government and police acting as the fulcrum. CHILDLINE Se Dosti first started in 2007, since then it has helped CHILDLINE1098 to strengthen its services and raise awareness among stakeholders. Today ‘CHILDLINE Se Dosti’ is an established nationwide awareness campaign, and the need for child protection resonates with people from all walks of life.

This week-long campaign, held from November 14<sup>th</sup> to 21<sup>st</sup> November every year, aims to create Dosts for CHILDLINE. CHILDLINE Se Dosti week’ is thereby fun, an exciting awareness week, which aims at driving change at local and national level. This is accomplished by involving children across various communities, and getting them to interact with authorities in the area to sensitize them towards the cause of Child Rights.

The initiative was conceptualised with the hope of creating millions of ‘Dosts’ for CHILDLINE, and to familiarize people with CHILDLINE 1098 that serves children in distress.

## Who is A CHILDLINE Dost?

A CHILDLINE Dost is someone who chooses to lend CHILDLINE a hand, and help children in distress. A CHILDLINE Dost, is therefore someone who keeps an eye out for things happening around, and takes action when required by calling CHILDLINE 1098 to help protect children in need.

You can be a CHILDLINE Dost and an ambassador for child protection.  
So, take the Dosti Pledge and become a CHILDLINE Dost.

## Full Form of Dosti

**D – Dial 1098 to help my DOST**

**O – Object/Oppose any harm being caused to my DOST**

**S – Speak out against those who cause harm to my DOST**

**T – Treat my DOST with dignity, respect, and love**

**I – Promise and commit to be a true CHILDLINE DOST**

## Message from the Executive Director

Dear All,

What is life without friends, and nothing epitomizes friendship like childhood. This is what inspired the idea of CHILDLINE Se Dosti week, which is a whole week starting usually from Children's Day. This full week as many of you know, is dedicated towards raising awareness and making dosti, by making people take a pledge to protect Child Rights, and then tying them a dosti band.

This year, CHILDLINE Se Dosti week had to be celebrated in the midst of a pandemic - an unprecedented challenge. However, we managed to celebrate CHILDLINE Se Dosti week, adhering to the required Covid-19 protocols. The CHILDLINE Se Dosti week came as a refreshing change for children during the pandemic.

I would like to express my sincere gratitude to the Hon'ble Minister, Secretary, Additional Secretary, Joint Secretary, and other distinguished members from the Ministry of Women & Child Development. A big thank you also to our regional resource centers, partner organisations, allied systems and the local district administration of every state, without you all these events and activities would not be possible.

Finally, our teams across India worked tirelessly despite the Covid-19 hurdles, towards developing a stronger bond with children, the community, our partners, and stakeholders, to nurture a safe environment for the overall wellbeing of all children.

Thanks & Regards,

**Dr. Anjaiah Pandiri** Ph.D.

Executive Director and Member Secretary  
CHILDLINE India Foundation

# North Zone

CHILDLINE Se Dosti week was celebrated across North India with plenty of activities to engage people, raise awareness on Child Rights, CHILDLINE 1098 services and build relationships with stakeholders.

### CHANDIGARH

This year's theme was 'to create awareness on Child Protection amongst the people.'

The objective of the week-long campaign was to generate awareness on issues faced by children i.e. Child Labour, Child Begging, child shelter, runaway children, medical help, Child Trafficking, lost & found children, parents asking for help, care and protection from any form of abuse, etc.

Children from Sector-26 in Chandigarh were informed about the various roles and responsibilities of CHILDLINE 1098. At the end of the programme refreshments were given to children.

CHILDLINE Chandigarh also held an open house in Manimajra in which 25 children and their parents participated. In this open house, children and their parents were made aware about education, cleanliness, and education of children to promote equality, nutrition & education rights.

CHILDLINE Chandigarh organised a rally with colony children from the local community and distributed pamphlets regarding awareness on Child Rights and 1098 to the public. Nearly 150 people agreed to support CHILDLINE 1098 be our friends.

More than 500 individuals were made aware of CHILDLINE 1098, in the area of Child Labour, Child Sexual Abuse, and Right to Education and Nasha Mukti. This was followed by a brief narration about CHILDLINE and its services in the U.T Chandigarh, Railway Station and others places.
